

The NSW Department of Planning & Infrastructure is supporting FPA Australia in compiling a dedicated list, for display on the FPA Australia website, of member companies that:

- are engaged in designing, installing and certifying fire sprinkler systems in NSW
- hold the appropriate NSW Office of Fair Trading Contractor's Licence

Successfully completing and returning this form will ensure member companies who have met the necessary requirements will have their details published on this new list, which will be made available to those NSW nursing home owners and operators seeking these services.

### 1. Member Details

Company/Business Name

Member No

First Name

Last Name

Address

Suburb

State
